OBJECTIVE

"Self-motivated web developer with a passion for creating engaging, high-performance websites. Skilled in modern technologies and best practices, committed to delivering exceptional user experiences and innovative solutions."

SUMMARY

- Skilled in HTML, CSS, JavaScript, React.js, and Node.js: Expertise in building responsive and interactive web applications.
- Front-End Development: Creates engaging user interfaces with modern design principles and cross-browser compatibility.
- Back-End Development: Develops robust server-side solutions and APIs with Node.js for efficient data management.
- Performance Optimization: Enhances application speed and efficiency through best practices.
- Problem Solver: Resolves technical issues effectively to ensure smooth functionality.
- Team Collaboration: Works seamlessly with cross-functional teams to deliver high-quality, timely projects.
